

Angle Grinders and Polishers - Electric

Milwaukee 7"/9" Electronic Sander/Polisher

Low speed range ensures excellent results in polishing, stripping, deburring and rust removal

1200 W

Features:

- New digital electronic offers variable speed, soft start, motor overload protection and no-load limitation
- Spindle lock save valuable time when changing grinding discs, with only one key
- New ergonomic handle
- QUIK-LOK - patented system for fast change of cable
- 6 m long Quik-lok cable delivered with the polisher
- Large-surface safety switch with lock function prevents the machine from being started unintentionally
- Automatic cut-off carbon brushes

Price: €xxx.xx
Part No.: xxxx.xxxx

Angle Grinders Metabo

Features:

- Robust Metabo Marathon motor for extra long service life by two Metabo winding protection grids and powder-coated field coil
- High efficiency and increased torque through optimum heat dissipation
- Diecast aluminium gear unit housing: robust and resistant to wear
- Additional vibration damping Metabo VibraTech (MVT) handle for convenient continuous operation
- Main handle rotatable without tools: the safe handle for cutting and roughing
- Adjustment of protective cover without tools enables adjustment to various applications in seconds

Angle Grinders and Polishers - Air Powered

ATA RA14-115DS1 Angle Grinder

Use for heavy grinding and cutting off with grinding discs 115mm discs and flap discs.

Price: €501.26
Part No.: 1008.1033

Technical Data:

1100 W

Speed: 13000 RPM
Power: 1.1kW / 1.5hp
Disc Dia.: 115mm
Disc. Bore: 22.2mm
Weight: 1.9kg

Features:

- Solid side handle. Fit side handle either side.
- 360° Adjustable Safety Guard.
- Diffuser type front exhaust.

DYNABRADE 51397 Polisher

Highest quality air motor has variable speed.

Price: €751.00
Part No.: 1306.51397

Technical Data:

740 W

Speed: 4500 RPM
Power: 0.744kW / 1hp
Thread: M14
Weight: 1.8kg

Features:

- Highest quality air motor has variable speed.
- Safety-lock throttle and soft-grip handle
- Planetary gear set is easily lubricated for extended tool life.

Use with:

Backing Pad M14

(Extra grip for fleece/felt discs)

Price: €22.29
Part No.: 7100.1010

Fleece Discs

(Coarse, Medium, Fine)

See Page XX

Felt Discs

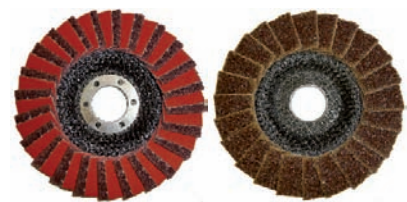

(Use with polishing paste)

See Page XX

Flap Discs

(Combi & Surface Conditioning)

See Page XX

DYNABRADE 52410 Angle Sander

Speed: 15000 RPM; Power: 500 W

500 W

Price: €499.00
Part No.: 1306.52410

Use with:

75mm Quik Change Discs
75mm Holders

See Page XX

ATA RA20LR Angle Sander

Speed: 20000 RPM; Power: 300 W

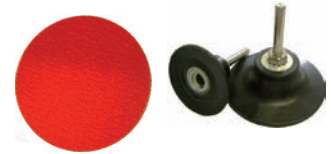

300 W

Price: €390.00
Part No.: 1008.1073

Use with:

50mm Quik Change Discs
50mm Holders

See Page XX
